

REMARKS

The Examiner has indicated that this application contains claims directed to following patentably distinct species.

A. Claims 1-3, and 28-41 related to the transferring and printing on a remote printer a document having a native data format.

B. Claims 4-15 related to a file manager having a prioritized list of printers.

C. Claims 16-27 related to the polling of printers for availability.

Applicant provisionally elects the species as claimed in Claims 1-3, and 28-41. It is believed that all elected claims are now in condition for allowance. Claims 4-27 have been withdrawn for consideration in possible divisional applications. The undersigned welcomes a telephonic interview with the Examiner, if the Examiner believes that such an interview would facilitate examination of this application.

Respectfully submitted,

By
